c. Armanent of the Units: (1) The reported number of tanks assigned to the 153rd 3ds fiv I missiple to considered too high, It is assimed that this regiment is equipped with about 43 tanks and 21 self-propelled juns. It is generally believed, however, that the heavy tank self-propelled regiment of a mechinized division is equipped with about 43 self-propelled guns and about 21 tanks. The reported organization of the 153rd 3ds my Tank SP Regt	;
(which is an exception among the heavy tank self-propelled regiments of heavisions) has usually been observed only with the heavy tank self-propelled regiments of tank divisions. (2) A tank of type T-42 is unknown. The tank referred	
(2) A tank of type T-42 is unknown. The tank referred to may have been either the T-34 tank with a 35-mm gun (frequently called T-43 tank) or the new, medium 50X1-HUM 50X1-HUM	1
